Nunziella Salluce

Senior Digital Designer (UI/UX/Product Design)

More about me

In my next job it's important that...

I work in a semi/fully remote system where meetings are meaningful, short and concise.

I want to work for a company that...

Values work/life balance as well as recognition and diversity

I would consider moving roles if...

I was offered a role in a team where design is taken into consideration from the negotation stage, and leadership understands design challenges and requirements.

Languages spoken

Italian

My favourite technology is...

Figma, as it allows seamless collaboration and offers all the tools needed to design and prototype a digital asset

Outside of work I...

Cycle a lot at an amateur level, sometimes racing cyclo-cross

Interests

Cycling, cooking, traveling, graphic design and art.
